Where can I get more support at school or college?

The school or college SENCO can help if you need support

You may get an Education **Health and Care plan** if you have had an Education Health and Care needs assessment.

The plan uses information from your EHC Needs Assessment to say what you **want to achieve** and **what support** must be put in place to help you.

What is in the plan?

Everyone will have a different plan because it is all about **you**.

It will have information like:

- Who you are
- How you communicate
- What your goals are
- Why you need help with things
- What sort of support you need, and how often you must get it
- Where you go to school or college (if you do)

Once this support is written down in the plan, it **must be given to you**.

You have the **right to say** what kind of information you think should be in your plan and **who you want to see it**.

Who gets a plan?

- Aged 25 years or under
- If you need more support than others in your class
- If you are in Education or want to be (not working)
- If you need extra help with learning
- If you have had a Statutory Assessment

Will someone help me to get a plan?

- You can ask your local Information, Advice and Support Service for help - **SENDIASS Rutland**
- If you have any questions about your EHC plan. Ask one of our members of staff for support.
